

1. Start.
2. Ask the user for their name and greet them.
3. Ask the user for two favorite numbers.
4. Check whether both inputs are valid whole numbers.
   - If not, go back to Step 3.
   - If yes, print the two numbers.
5. Ask the user if they want to continue.
   - If yes, go back to Step 3.
   - If no, print a goodbye message.
6. End.
